Please also keep an eye on Tapestry-  
(ladybird room only)

Welcome to the new term at Wyncliffe. After our remarkably busy Christmas term, we are now settling into 2021 even through these unpredictable times.

As you are aware the schools will be staying shut until the end of January, possibly even until February half term. Until we see a dramatic fall in cases, we will be staying the same and just open for critical/key worker parents.

Lou, as leader of the Ladybird Room has started a new topic 'All creatures great and small'. She has created a zoo vet role play area, a reading jungle and an under the sea corner.

Emma and Claudine, as leader of the Busy Bees Room will be learning about weather and seasons with lots of fun activities planned.

We are also re-vamping our outdoor areas and adding new resources both inside and out for the children to explore and enjoy. We are making the most of the outdoor and going for lots of walks and adventures when we can.

Wyncliffe Childcare

We are a nut free setting.

We have a new family starting with us and we welcome them with open arms. The children have severe allergies therefore we are asking parents not to send their children in with loose foods. Please ensure that all food is contained and sealed in a lunch box or a snack box.

We have an open-door policy and staff are always available should you wish to discuss anything.

We hope to see you all very soon 😊

Stay safe!!

The Wyncliffe team.
